Hi Nancy,

The examination went through the University of London procedures and we had the award confirmed from them with a March 1984 award date. It was recorded in the 1985/86 Calendar and is recorded in both on LSE and U of L records.

Thanks,  
Marcus

Hi all

My colleague Clive Wilson has sent out some advice on this very issue today. He's drafted the following text for anyone to use if they receive a query. Clive has asked that if you do receive a query and reply, to copy both him and LSE Theses Online in – [lsethesonline@lse.ac.uk](mailto:lsethesonline@lse.ac.uk)

Thank you for expressing an interest in this thesis. Unfortunately, LSE Library has never had a copy of this thesis. All PhDs from that period were awarded under the University of London banner and would have been sent first to Senate House Library. As you can appreciate there has been a lot of interest in Dr Tsai's thesis, we have been in correspondence with the University of London about it and extensive checks have been made. Unfortunately Senate House are unable to find their copy.
