Dear Ms Begum,

I am writing to you to check the authenticity of the Ph.D. degree of Ing-wen Tsai who claims she graduated from LSE in 1984. Tsai's integrity is very important to me and many other people. It is why I send you this email.

People find that Tsai's dissertation is not available in the libraries of LSE or any other public place in the world. It is very suspicious.

Could you check the authenticity of Tsai's Ph.D. degree, please? And what has happened to her dissertation if the Ph.D. degree is authentic?

Followed are some details you may need.
