Subject: Thesis update

Dear All

further to previous correspondence regarding Dr Tsai's thesis, I am pleased to note that we have been presented with a facsimile of her personal copy.

This is now available to view in our special collections reading room.

The Copyright Declaration on all our theses states:

“I recognise that the copyright of this thesis rests with the author and that no quotation from it or information derived from it may be published without the prior written consent of the author. “

Therefore, although fair use copying is normally permitted, given the current interest in this thesis, we have therefore taken the decision to restrict copying of any part of this thesis unless the researcher already has the author's permission.

It is listed on our catalogue as 2019 because that is when the copy is made:
