Subject: Please help us to check and confirm if Miss Ing-Wen Tsai is a real Phd?

Dear Ms. Shafik,

Let me introduce myself in advance. I am [REDACTED]

Recently, our president, Miss Ing-Wen Tsai, she announced that her thesis to us. Unfortunately, we could not see the real thesis which was made, packed, and issued in 1984.

According to LSE's rule, that is a very important issue, any graduate student passed oral exam for their degree.

We found that Miss Tsai, never delivered her thesis during 1983~1984.

Please confirm the following issue in order to help us to make sure if she got the real degree or not.

Since we cannot understand the "Student record" all the issues on every notes.

Attached pictures are the student records which were announced by the President Office. Please let us know the issues, we have some questions regarding this record:

1. Is this record the same as in LSE? Please confirm. As we find the handwriting is somewhat different by different people.
2. Did Miss Tsai pay the registration fees for 1983~1984?

3. Who is the advisor for Phd. Course? Please let us know the professor's name. Meanwhile the oral examination professors' names?
4. According to the record the course was be marked delete line and replace as Ph.D, please confirm which date she was approved for upgrade the programme of doctor?
5. What is the "B/S Laws" meaning, please explain for us. We don't understand what it means.
6. On the record under right corner, the date of entry "June 83" it wrote: "Degree awarded on Feb, 84. Can you make confirm this is real degree for which? "B/S Laws"? "M.Phil"? or "PhD"?"
7. Miss Tsai's thesis was real exam which date, who approved the exam? Is there any profecess singnature for this appovement for doctor degree?
8. 10/11/82 WD from course Financil difficult. Please confirm if she WD from "all course" or "just the semester"(or season/quarter)

Another hand we here hope you to know a scandal:

Before she got the real docotor degree (we supposed that she got it in real), she wrote some papers in National Chengchi University with doctor degree awarded. According to her doctor degree diploma issued date in Feb, 1984. However, she worte her paper introduction mentioned she was a doctor already in 1983.

Thank your help,

With best regards,
