Dear Marcus  
Can you find out who the supervisors were?  
Thanks  
Rita

Is it possible that this thesis has been put under some indefinite embargo? Even if so, there must be some record somewhere. I take it, though, that the 1984 list of graduands/PhDs just minted includes Tsai's name, or?

Best,  
Max

For information. It appears that the University dealt with this last time so I am looking to simply refer back to them. Assuming this is taken up by the University, and unless you want us to do anything more at this point, I will liaise with Comms about responding to the initial query and about other responses should anything further come our way.

Thanks,  
Marcus
